NOTE: As you collide with objects, your car accumulates damaga and tha status bar will dacreasa. Only a repair wrench can fix your car. You can set the amount of damaga cars will take using tha 'Damaga force' satting.

Use the options screen to control the race settings. The "Comp. Speed" and "Comp. Acc." refer to the top speed and rate of acceleration for Lynx-controlled cars.

There are dangers and bonuses hidden on the tracks. Look for moveable objects, oil spills, speed boosts, potholes, and more!

Note that Tournament Mode supports both New games and Loaded games. You must write down your password after each season, and re-enter it at the Load screen to resume your tournament at a later time.

Getting Started:

1. Insert your Championship Rally cartridge in your Lynx, with the label side facing the Lynx.
2. Turn on the machine. The Songbird logo appears.
3. Wait a moment, and the title screen appears. Press A to advance to the credits screen, then press A again to reach the Main Menu. Press Option 2 on the title screen to turn off the scrolling message.
4. Use the joyed to select between Tournament, Single Race, Time Trial, Versus, or High Scores. Versus is the only mode which supports two players via comlynx, all other play modes are for one player only.
5. Select the appropriate options and/or track, and begin the game. You can exit most screens by pressing either B or Reset.
